WHALE SHARK EXPEDITION

SIGHTING EXPEDITION

Seasonal expedition June 1st to September 15th

Be part of a once in a lifetime experience! meet the largest fish in the world, the Whale Shark.

Our guides will pick you up at your hotel to head to our private marina in Cancun, where a light breakfast will be waiting for you and the boats will be ready to start the adventure.

We will navigate through the Mexican Caribbean, the ride takes about an hour to reach the area where Whale Sharks congregate. Upon reaching our meeting point, we will swim alongside 10-meter (35-foot) Whale Sharks, with the support of our guides and marine staff that will make your Whale Shark swimming and watching, an unforgettable experience.

After swimming with Whale Sharks, we will take you to Playa Norte (Isla Mujeres), there, we will anchor our boat to relax and have fun in the shallow waters of this place, enjoy a light lunch and the drinks that are included in this experience, in order to get ready back to our marina and respective hotels.

Se parte de una experiencia única en la vida! conoce al pez más grande del mundo, el Tiburón Ballena.

Nuestros guías lo recogerán en su hotel para dirigirse a nuestra marina privada en Cancún, donde un desayuno ligero lo estará esperando y nuestros barcos estarán listos para iniciar esta aventura.

Navegaremos por el Caribe Mexicano, en un viaje que dura aproximadamente una hora para llegar a la zona donde se congregan los Tiburones Ballena. Al llegar a nuestro punto de encuentro, nadaremos junto a Tiburones Ballena de 10 metros (35 pies), con el apoyo de nuestros guías y personal marino que harán de su nado una experiencia inolvidable.

Luego de nadar con Tiburones Ballena, iremos a Playa Norte (Isla Mujeres), allí anclaremos nuestro bote para relajarnos y divertirnos en las aguas poco profundas de este lugar, disfrutar de un almuerzo ligero y las bebidas que se incluyen en esta experiencia, con el fin de prepararnos de regreso a nuestra marina.

Whale Shark

Brilliant trip. Early start but well worth it. We found about 20 and had lots of swim opportunities before lots of other boats arrived and the whale sharks retreated to the depths. Great guides too. Would recommend
